

## Nájera - Santo Domingo de la Calzada

This is a gentle stretch, with almost no steep sections. The day starts in **Nájera**, passing over the creek of Pozuelos and heading on to the village of **Azofra**, located almost 6 kilometres from the starting point, and the the Camino passes through its high street (Calle Mayor), which evidences its Camino tradition. Already in the 12th century a hospital and a cemetery for pilgrims were founded here.\*

Until the next village, **Cirueña**, there are more than 9 kilometres running close to the N-120 in a landscape of vineyards and fields. Cirueña is the second to last stop before the end of the route, **Santo Domingo de la Calzada**, erected by the founder of the same name in the 11th century. The Cathedral was built on top of his tomb and also contains a memorial to the legend of the hen that cackled after being roasted.

\* A few kilometres away from Azofra, you will find the monastery of San Milán de la Cogolla, a very relevant spot as it is recognised as the birthplace of the Spanish language with the Glosas Emilianenses.

### El consejo del cartero

“Strolling through the historic town of Santo Domingo de la Calzada is a must. Highly enjoyable during the night as the lighting casts some magic on the medieval streets. To get your strength back, I recommend tasting some of our typical sweets, such as the Tejas de San Francisco”. **Ana Gómez, Correos of Santo Domingo.**
