

Betanzos-Hospital de Bruma

You leave **Betanzos** towards Abegondo, through O Coto and Xanrozo. The **English Way** moves away from the coast towards the interior through Francos, Bocelo and Vilardel. 12 kilometres away from Betanzos, you find **Presedo**, where there is a hostel and places to eat.

The next section, from San Paio de Vilacoba to A Malata, is extremely hard. Once you reach A Malata, the highest peak in the Camino, pilgrims walk through the mountain towards Mesía to reach Bruma in about half an hour. This is the place where pilgrims coming from A Coruña on the English Way meet the pilgrims coming from Ferrol.

At **Hospital de Bruma** you will find the first hostel built on the English Way, on the spot where the old Pilgrims' Hospital used to be.

El consejo del cartero

“This is the hardest section of the Camino and Hospital de Bruma only offers the old medieval hospital and a chapel in what is today the new pilgrims' hostel”. **Roberto Rio, Correos of Betanzos.**

Teléfonos de interés

This village only has a hostel, there are no other services.
